

CSIR - National Physical Laboratory

Dr. K. S. Krishnan Marg, New Delhi – 110 012.

CSIR Integrated Skill Initiative

Admission open for One year Certification course in “Precision Measurement and Quality Control” PMQC-2018-19

CSIR - National Physical Laboratory, India is mandated to be ‘National Measurement Institute (NMI)’ and custodian of ‘National Standards’ with a responsibility of the dissemination of measurements. Based on CSIR-NPL’s strength and expertise in accurate and precise measurements, CSIR-NPL, India is launching a one year full time certification course on ‘Precision Measurements and Quality Control’ for the first time in the country.

Personal Growth by meticulously designed course modules with blend of classroom lectures, discussion, tutorials and practicals related to measurements, testing and calibrations.

Transformation by industrial oriented experimental learning and exposure through hands on experience in industrial internship.

Main Features of Course

Academic Support to students, world class infrastructure, free access to SCI journals through internet, seminars and lectures, multi-disciplinary skill development, faculty with extensive experience in precision measurements.

Placement Opportunities on successful completion, young minds trained in this discipline will have unique advantage of wide exposure and hands-on training on best measuring equipments. These professionals would have good placement opportunities in quality control (QC), accredited laboratories, manufacturing and production industries, Defence sector, Micro, Small and Medium Enterprises (MSME) sectors and many other related industries. Our last year batch of PMQC (2017-18) got 100% placement.
