

Calibration Charges: D1.08c, Fluid Flow Metrology (w.e.f. 1.04.2021)

Water Flow

Sl. No.	Parameter	Item Type / Group	Item Name	Alias Name	Calibration Parameters	No. of Points for Calibration	Limitation / Condition	Charges per Item Rs.	Additional Charges Rs.	#Description for Additional Charges	Remarks, if any
1	Water Flow	Water Flow Meter/ Water Meter	Coriolis Mass Flow Meter (size: 2-25 mm diameter)	-	total mass/ total volume/ mass flow rate/volume flow rate	4		18200	4600	for additional each point	Only one calibration parameter.
2	Water Flow	Water Flow Meter/ Water Meter	Coriolis Mass Flow Meter (size: above 25 & upto 50 mm diameter)	-	total mass/ total volume/ mass flow rate/volume flow rate	4		21000	5300	for additional each point	Only one calibration parameter.
3	Water Flow	Water Flow Meter/ Water Meter	Coriolis Mass Flow Meter (size: above 50 & upto 100 mm diameter)	-	total mass/ total volume/ mass flow rate/volume flow rate	4		28000	7000	for additional each point	Only one calibration parameter.
4	Water Flow	Water Flow Meter/ Water Meter	Coriolis Mass Flow Meter (size: above 100 & upto 150 mm diameter)	-	total mass/ total volume/ mass flow rate/volume flow rate	4		33800	8500	for additional each point	Only one calibration parameter.
5	Water Flow	Water Flow Meter/ Water Meter	Coriolis Mass Flow Meter (size: above 150 & upto 200 mm diameter)	-	total mass/ total volume/ mass flow rate/volume flow rate	4		40000	10000	for additional each point	Only one calibration parameter.
6	Water Flow	Water Flow Meter/ Water Meter	Magnetic, orifice, ultrasonic, turbine, vortex, water meter, infusion pump, infusion pump analyzer, mass flow controller etc. (size: upto 25 mm diameter)	-	total volume/volume flow rate	4		13500	3400	for additional each point	Only one calibration parameter.
7	Water Flow	Water Flow Meter/ Water Meter	Magnetic, orifice, ultrasonic, turbine, vortex, water meter, etc. (size: above 25 & upto 50 mm diameter)	-	total volume/volume flow rate	4		15500	3900	for additional each point	Only one calibration parameter.
8	Water Flow	Water Flow Meter/ Water Meter	Magnetic, orifice, ultrasonic, turbine, vortex, water meter, etc. (size: above 50 & upto 100 mm diameter)	-	total volume/volume flow rate	4		18000	4500	for additional each point	Only one calibration parameter.
9	Water Flow	Water Flow Meter/ Water Meter	Magnetic, ultrasonic, orifice, turbine, vortex, water meter, etc. (size: above 100 & upto 150 mm diameter)	-	total volume/volume flow rate	4		24500	6200	for additional each point	Repeatability at maximum flow rate or at a flow rate specified by customer. Only one calibration parameter.
10	Water Flow	Water Flow Meter/ Water Meter	Magnetic, ultrasonic, orifice, turbine, vortex, water meter, etc. (size: above 150 & upto 200 mm diameter)	-	total volume/volume flow rate	4		28000	7000	for additional each point	Only one calibration parameter. (Maximum flow rate: 600 m3/h)
11	Water Flow	Water Flow Meter/ Water Meter	Magnetic, ultrasonic, turbine, vortex, water meter, etc. (size: above 200 & upto 300 mm diameter)	-	total volume/volume flow rate	4		38000	9500	for additional each point and another Rs. 10000 for adjustment	Only one calibration parameter. (Maximum flow rate: 600 m3/h)
12	Water Flow	Water Flow Meter/ Water Meter	Magnetic, vortex, ultrasonic, turbine, water meter, etc.	-	total volume/volume flow rate	4		50000	12500	for additional each point and another Rs. 10000 for adjustment	Only one calibration parameter. (Maximum flow rate: 600 m3/h)

			(size: above 300 & upto 400 mm diameter)								
13	Water Flow	Water Flow Meter/ Water Meter	Magnetic, vortex, ultrasonic, turbine, water meter, etc. (size: above 400 & upto 500 mm diameter)	-	total volume/volume flow rate	4		65000	16300	for additional each point	Only one calibration parameter. (Maximum flow rate: 600 m3/h)
14	Water Flow	Water Flow Meter/ Water Meter	Clamp-on type ultrasonic flow meter (flow range: upto 60 m3/h and for each sensor)	-	total volume/volume flow rate	4		15500	3900	for additional each point	Only one calibration parameter.
15	Water Flow	Water Flow Meter/ Water Meter	Clamp-on type ultrasonic flow meter (flow range: upto 210 m3/h and for each sensor)	-	total volume/volume flow rate	4		18000	4500	for additional each point	Only one calibration parameter.
16	Water Flow	Water Flow Meter/ Water Meter	Clamp-on type ultrasonic flow meter (flow range: upto 400 m3/h and for each sensor)	-	total volume/volume flow rate	4		24500	6200	for additional each point	Only one calibration parameter.
17	Water Flow	Water Flow Meter/ Water Meter	Clamp-on type ultrasonic flow meter (flow range: upto 600 m3/h and for each sensor)	-	total volume/volume flow rate	4		28000	7000	for additional each point	Only one calibration parameter.
