

# FRONTIERS IN OPTICS AND PHOTONICS (FOP) 2026 XLIX OSI SYMPOSIUM

JOINTLY ORGANIZED BY INDIAN INSTITUTE OF TECHNOLOGY DELHI (IITD) AND NATIONAL PHYSICAL LABORATORY (CSIR-NPL)

**New Delhi  
September 25–28, 2026**

For More Information  
**osifop2026@gmail.com**

## About The Conference

FOP2026, the 49<sup>th</sup> annual symposium of the Optical Society of India, is being hosted jointly by the Indian Institute of Technology Delhi (IITD) and National Physical Laboratory (CSIR-NPL). The symposium will serve as a platform for scientists, engineers, researchers, and students to exchange ideas, while also offering manufacturers, suppliers, and service providers an opportunity to showcase their products and services.

## Scope of The Conference

The conference will feature numerous invited talks from India and abroad, along with contributed papers and poster presentations. Researchers are invited to submit original work on the topics listed below, as well as on any area related to Optics and Photonics. The conference will broadly cover the following themes:

- > Nano-photonics & Plasmonics (NPH)
- > Photonic Crystals & Metamaterials (PHC)
- > Guided Wave and Non-linear Optics (GNO)
- > Quantum Optical Technologies (QOT)
- > AI for Photonics and Photonics for AI (API)
- > Integrated Optic Circuits and Devices (IOC)
- > Fiber Optic Devices, Sensors and Instrumentation (FIB)
- > Optoelectronic Devices (OED)
- > Optical System Design (DES)
- > Computational Photonics (CPH)
- > Imaging and Super-resolution (ISR)
- > Optics in Space Technology (OST)
- > Optical Data Storage & Display Devices (DSD)
- > Optical Interferometry and Holography (HOL)
- > Singular Optics, Structured beams & Laser Speckles (SSL)
- > Diffractive, Free-form and Adaptive Optics (DFA)
- > Advanced Optical Materials (AOM)
- > Optics in Defence Technology (ODT)
- > Optical Instrumentation, Fabrication and Metrology (IFM)
- > Biophotonics and Medical Optics (BPM)
- > Green Photonics (GPH)
- > Light Sources and Illumination Engineering (SIE)
- > Microwave and THz Photonics (MWT)
- > Lasers and Applications (LSA)
- > Ultrafast Optics (UFO)
- > Optical and RF Signal Processing (ORF)
- > Theory, Modelling & Simulation (THM)
- > Photonic Computing and Processors (PCP)
- > Any other topics related to Optics and Photonics (OTH)

## Key Dates

**Deadline for submission of 1-Page Summary: June 30, 2026**

**Notification of acceptance of paper: August 15, 2026**

**Release of Advanced Technical Program: September 10, 2026**

## Registration

The conference will be held in physical mode with a registration fee. Registration and paper submission details will be available on the website.

## Techno-Commercial Opportunities

Exhibition and sponsorship opportunities are available for organizations to showcase their products and services. Interested parties may contact the conference organizers for further details.
